

BIOVID

CAMERAS & MONITOR

Ideal For A Wide Variety Of Applications:

- Research, Teaching, & Demonstration
-
- Veterinary Pathology, Cytology, Oncology, Hematology
-
- Semen Evaluation

The **BioVID 1080+** and **BioVID 4K** microscope cameras are essential tools for live presentations and client education. The premium **BioVID 4K** camera paired with the 13.3" HD Monitor provides crystal clear 8MP images and 4K video on the screen. The extremely sensitive Sony IMX334(C) sensor chip helps maintain 4K resolution and a fast frame rate in low-light and high magnification settings. The lower-priced **BioVID 1080+** camera also provides beautiful images with amazing sensitivity and speed. Mount the BioVID cameras to any trinocular microscope with C-Mount pipe. Using the provided memory storage, you can click to save, edit, and view your images and videos with side-by-side comparisons when connected to a monitor via HDMI connection. Or, utilize the included image capture software when connected to a PC or MAC via USB connection. Whether in a large lecture hall, a classroom, the laboratory, or the clinic, the **BioVID Cameras** will ensure clients and students see microscope images clearly.

TWO SCREENS AT ONCE WHEN YOU PLUG IN AN HDMI AND USB OUTPUT AT THE SAME TIME!
RETAINS FULL FUNCTIONALITY SO YOU CAN SAVE, EMAIL, AND EDIT.

Kits and packages

Model Number: J0334QTBV

Description: i4 Microscope + BioVID 4K Camera + 13.3" Monitor

- Complete package with one part number
- Lab-grade microscope with infinity optics

Model Number: J0822B4TV

Description: BioVID 4K Camera + 13.3" Monitor

- Mounts to any microscope with trinocular C-mount pipe
- Highest resolution

Model Number: J0822IT4X

Description: Innovation Microscope + BioVID 1080+ Camera + 13.3" Monitor

- Complete package with one part number
- Lab-grade microscope with infinity optics

Model Number: J0822WA

Description: BioVID 1080+ Camera + 13.3" Monitor

- Mounts to any microscope with trinocular C-mount pipe
- Economical high-speed camera
