Flexi-Float™ Ultra Complete Kit

Item # 53050R

FLEXI-FLOAT™ ULTRA COMPLETE KIT includes:

- Flexi-Float™ Ultra
- Battery-Powered Vacuum
- Li-ion Batteries for Vacuum (2)
- Battery Charger for Vacuum
- Irrigation System - Pump Bottle with In-line Filter Assembly
- Maintenance Kit - Disc Wrench, Grease Gun & Nylon Brush
- NiMH Batteries (2)
- Universal Smart Charger
- Flexi-Float™ Ultra Vacuum / Irrigation / Power Cord Assembly
- Protective Carrying Case
- Instruction Manual

The **FLEXI-FLOAT™ ULTRA** is an easy-to-use mobile dental instrument system, featuring a lightweight, compact, all-in-one, battery-powered design that enhances floating techniques. The unit features fully integrated irrigation, suction, and trigger speed control. The slender design and movable disc angle allows practitioners to maneuver around the dental arcade and the 180° rotational tool body allows for use on both the upper and lower arcade. The variable speed function is controlled by a trigger on the pistol-grip handle, allowing for more control and accuracy while working in the mouth. An optional aluminum carrying tote for the unit is also available, sold separately.

FEATURES:

- Completely mobile, well-balanced unit with portable vacuum and pump bottle system
- Battery-powered design
- Variable speed unit with trigger speed control
- Internalized, independent vacuum and water system
- User-friendly, 180° rotational tool body
- Quick-change 1" Diamond Disc take less than one minute to change
- Hand-held instrument weighs just under 5 lbs.

Item # 53051
Aluminum Carrying Tote

Item	Product Description	UOM
53050R	Flexi-Float™ Ultra Complete Kit with Remote Wired Battery	Each
53053	Remote Wired Battery for Flexi-Float™ Ultra & Versa-Float™	Each

Flexi-Float™ Ultra Complete Kit

FLEXI-FLOAT™ ULTRA ALL-IN-ONE FLOAT SYSTEM

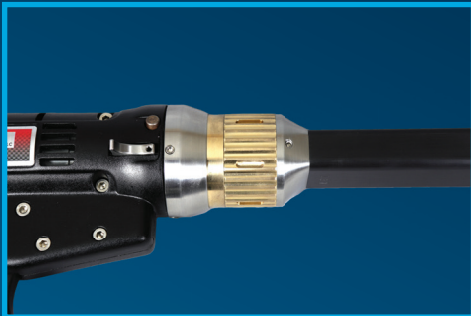

BATTERY-POWERED DESIGN

- Hand-held instrument includes two NiMH remote wired batteries for continuous use
- Portable vacuum includes two Li-ion batteries for continuous use

PISTOL-GRIP HANDLE

- Variable speed unit - integrated trigger and thumb screw design to control disc speed
- Vacuum fitting connection - vacuum helps to clean away debris and allow for clearer visibility within the mouth
- Irrigation fitting connection - irrigation helps to reduce dust and prevent thermal trauma of tooth

INSTRUMENT TOOL BODY

- Integrated slide button and index pin - allows instrument to rotate for upper and lower arcade work
- Durable hard coat anodized aluminum tool body and disc housing
- Sealed system for containing lubrication
- Recommended greasing intervals once every 100 uses

INSTRUMENT DISC HOUSING

- Slender, tapered design allows access to all areas of the dental arcade
- Movable disc angle allows the practitioner greater range of motion
- Diamond disc with lip insert guard makes work faster and safer
