sterilizing product
on the market today!!

SteriCide™

RTU STERILANT

STERICIDE™ RTU STERILANT IS IDEAL FOR USE AS A DETERGENT, CLEANER, DEODORIZER, DISINFECTANT, FUNGICIDE, AND SPORICIDE/STERILANT ON NON-POROUS HARD SURFACES IN COMMERCIAL, HOSPITAL, AND MEDICAL ENVIRONMENTS.

FEATURES AND BENEFITS

- Cuts through germ-hiding soils – where bacteria grow & multiply.
- Sterilizes as it cleans
- Biodegradable
- Pleasant scent
- Outperforms disinfectants and cleaners combined
- No need to use both a cleaner and a disinfectant – SteriCide RTU Sterilant does it all!
- Proprietary delivery system is ideal for use in electrostatic spray equipment

SteriCide RTU Sterilant should be the #1 and only choice for the healthcare and hospitality industry -- including resorts, cruise lines, theme parks, schools, food service areas, hospitals, nursing homes, EMT & hazmat vehicles.

|--------------------------------------|--------------------|
| Ambulances/Patient Transfer Vehicles | Planes |
| Bicycles | Taxis |
| Boats/Cruise Ships | Trains/Subways |
| Buses | Trucks/Fire Trucks |
| Cars | |

A sterilizer is an antimicrobial pesticide that destroys or eliminates all forms of microbial life in the inanimate environment, including bacterial spores. The term "sporicide" is deemed to be synonymous with "sterilizer". Since sterilization includes eradication of all living microorganisms, such claims are intrinsically related to protection of human health (EPA DIS/TSS-9).
