

Item # 48001-1

**QUALITY - AFFORDABILITY - RELIABILITY**

The MDS-Vet™ HD Video Endoscope meets and exceeds the needs of small and large animal practitioners who want a high quality, affordable video endoscope for upper and lower GI examinations, as well as upper airway examinations in equine patients. With the 2.0 mm - 3.2 mm biopsy channel, the user can remove foreign bodies, check for pathology and increase the customer's level of confidence. The optional 3.5" Color LCD Monitor & Recorder provides the ability to record still pictures and video (sold separately).

**INCLUDES:**

- Video Endoscope
- Light Source / Processor
- Biopsy Forceps
- 3 Prong Grasping Forceps
- Cleaning Brushes
- Carrying Case
