

Deep ear flushing made easy utilizing an integrated irrigator and suction device with hands-free operation.

UNIQUE, HANDS-FREE, FOOT OPERATED CONTROL

- Dual function foot pedal provides irrigation and aspiration for simplified deep ear flushing
- High capacity (1.5 Liter) bottle with optimum irrigation pressure for dispensing fluid into patient's ear
- Medical grade, durable suction reservoir collects large amounts of aural debris and waste; easy to clean and sterilizable

SPECIFICALLY DESIGNED FOR VETERINARY / PROFESSIONAL USAGE

- Designed specifically for a single operator
- Ideal system to complement a handheld or video otoscope
- Air cooled system for extended operator usage

Item # 48100

* Dimensions:
13" Wide x 13" Deep x 16" High (with bottle)

Extreme wax build-up before flushing
