

ProZyme®

Help Patients Absorb the Nutrients They Need

For healing, for health, for everyday quality of life, digestive enzymes are vital to an animal. They make the nutrients the animal eats available for absorption. When an animal doesn't produce those enzymes, nutrients can just pass right through. ProZyme® helps ensure nutrients don't go in one end and out the other.

Deficient nutrition can result in poor coat quality, gas, diarrhea, and vomiting, as well as decreased vitality. ProZyme helps maximize nutrition by supporting nutrient absorption in healthy, compromised and senior digestive systems in companion animals.

ProZyme is:

- Formulated with all-natural, plant-based enzymes
- An easy-to-administer powder
- Odorless and palatable
- Mixable with dry or canned food

The proprietary formula of ProZyme contains four enzymes to help manage the most common digestive problems:

- Protease breaks down proteins into amino acids
- Lipase breaks down fats for the proper absorption of lipids
- Alpha-amylase breaks down carbohydrates
- Cellulase breaks down fiber/cellulose

► **Help your patients get the most out of their prescription diets with ProZyme!**

ProZyme®

Help Patients Absorb the Nutrients They Need

Adding ProZyme® to an animal's diet helps alleviate the symptoms of digestive issues, and may solve digestive problems in the absence of an alternate diagnosis. Trusted by veterinarians for more than 30 years, it's the simple, affordable way to help your patients absorb the nutrients they need.

AVAILABLE SIZES:

85 gram – 3 oz.
200 gram – 7 oz.
454 gram – 1 lb.

GUARANTEED ANALYSIS:

Per ¼ teaspoon (1.25 g)

Moisture	6.0% max.
Crude protein	1.0% min.
Crude fiber	0.5% max.
Crude fat	0.0% min.

ENZYME ACTIVITY:

Alpha-amylase	2000 SKBU/gram
Lipase	200 U/gram
Cellulase	50 CU/gram
Protease	8 GDU/gram

INGREDIENTS:

Milk sugar manufactured from fresh whey, *Aspergillus oryzae* (alpha-amylase) fermentation product dehydrated, *Aspergillus niger* (lipase & cellulase) fermentation product dehydrated, and bromelain derived from *Ananas comosus* (Protease) dehydrated.

USES:

For oral use as a plant-derived digestive enzyme supplement in a palatable powder.

DIRECTIONS FOR USE – COMPANION ANIMALS:

- Under the age of 8, feed ¼ teaspoon of ProZyme per 1 cup of food
- Over 8 years of age, feed ½ teaspoon of ProZyme per 1 cup of food

STORAGE AND SAFETY:

- This product is intended for intermittent or supplemental feeding only
- Store in a dry area out of extreme heat and direct sunlight
- Keep out of reach of children and pets
- For veterinary use only
