

RenaKare™

Product Numbers: 09074, 09075, 09076

Indications

RenaKare™ is a potassium supplement for use in potassium deficient states in cats and dogs.

Dosage and Administration

Adult Cats and Dogs:

Tablets:

1 tablet per 10 lbs of body weight, twice daily.

Powder:

¼ teaspoon per 10 lbs of body weight, twice daily.

Gel:

½ teaspoon per 10 lbs of body weight, twice daily.

Kittens and Puppies:

Consult your veterinarian.

Warnings

Do not administer in diseases where high potassium levels may be encountered, such as severe renal insufficiency or adrenal insufficiency.

For animal use only. Keep out of reach of children. Not for human use.

Caution

Use with caution in the presence of cardiac disease, particularly in digitalized patients or in the presence of renal disease.

Federal law restricts this drug to use by or on the order of a licensed veterinarian.

Storage

Store at a temperature between 15°-30°C (59°-86°F).

Keep container tightly closed.
