

SurgiVet® Equator® Convective Warming System

The SurgiVet® Equator® Convective Warming System is the leading choice in veterinary temperature management. The patented temperature control system ensures the desired therapy setting, while the high air flow promotes even distribution of warm air throughout the blanket and onto the patient...helping to improve patient outcomes and reduce the incidence of hypothermia.

VETERINARY

Catalog #: WWVEQ5000RS

SurgiVet® Equator® Convective Warming System

- Hose end temperature control automatically adjusts to deliver chosen air temperature—no matter how cold the environment
- Fast warm up and high air flow for quick and efficient thermal therapy
- Four temperature selections displayed on large digital readout for all therapy needs
- Over/under temperature and disconnect visual alarms on front panel ensures safety
- Temperature thermistor sensor at blanket-end of hose for accurate heat delivery
- Compact size and lightweight (11.75" H x 9.5" W x 7.5" D, 15 lbs.)
- Can be mounted to an IV pole or set on the floor or tabletop
- Quiet air delivery
- Remanufactured and new warmers available
- One year warranty

SurgiVet® Equator® Convective Warming System Includes:

- Equator® Convective Warmer
- (1) 7 ft large air delivery hose
- (1) Full body blanket, SW2001
- (1) Pediatric full body blanket, SW2002
- (1) Lower body blanket, SW2004
- (2) Pediatric underbody blankets, SW2009 and SW2011
- Operator's manual

Level 1® Snuggle Warm® Convective Warming Blankets

- Disposable and constructed from a soft fabric-like material
- Strong and durable—resists tears, punctures and fluids
- Designed to conform to the patient's body
- Provides even distribution of heat
- Large, heat-formed air holes in the blankets eliminate particulate material
- Latex free
