PROPERTIES:

TRP-Tri-COX™ contains a unique blend of ingredients to help support the joint function in many ways. UC-II is a patented form of undenatured collagen that helps maintain a normal immune response in order to help maintain joint integrity.

Boswellia extract helps maintain normal inflammatory response within the joint.

Astaxanthin is a powerful antioxidant that has been proven to be 6,000 times more potent than vitamin C.

TRP-Tri-COX™ also brings the cartilage building blocks glucosamine and MSM, and muscle support with creatine.

TRP-Tri-COX™ is formulated using the TRP Soft Chew technology, giving the product unparalleled softness and palatability.

SPECIES: Dogs

DIRECTIONS FOR USE:

5 to 15 lbs1/2	chew every other day
16 to 30 lbs	1/2 chew daily
31 to 50 lbs	1 chew daily
