

# CATS DON'T DO SLOW.

## Catego<sup>®</sup> for Cats

POWERFUL FLEA AND TICK CONTROL  
MADE **SPECIFICALLY** FOR CATS

You understand that cats are not just small dogs, particularly when it comes to flea and tick control. That's why Catego<sup>®</sup> was created. Through its efficacy and ease of application, it's specifically designed to meet the unique needs of cats for flea and tick control.

## UNIQUE & FAST — JUST LIKE A CAT.

The only product with the unique combination of proven active ingredients:

- Dinotefuran
- Fipronil
- Pyriproxyfen

Kills fleas fast through contact.

- Kills fleas within 6 hours
- On the day of application, 97% efficacy within 3 hours<sup>4</sup>

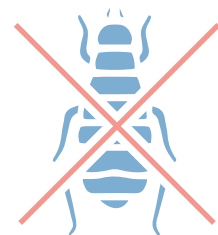

Contains pyriproxyfen, an insect growth regulator (IGR), to prevent the development of immature fleas for one month.

- Protects against multiple stages of the flea life cycle
- Prevents flea re-infestation

Not only kills adult fleas by contact, it breaks the flea life cycle.

# Catego<sup>®</sup> for Cats

## POWERFUL, EFFECTIVE & EASY TO LOVE — JUST LIKE A CAT.

Kills all life stages of ticks through contact.

- Brown dog ticks (*Rhipicephalus sanguineus*)
- American dog ticks (*Dermacentor variabilis*)
- Lone Star ticks (*Amblyomma americanum*)
- Deer ticks (*Ixodes scapularis*)

### Kills ticks that may transmit:

Lyme disease

Ehrlichiosis

Cytauxzoonosis

Babesiosis

Haemobartonellosis

Anaplasmosis

Kills chewing lice through contact.

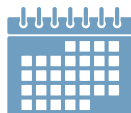

One low-volume formulation for all size cats weighing over 1.5 pounds and over 8 weeks of age.

- Less inventory to manage
- Only 0.50 mL per tube – quick-drying and easy application
- Available in 1-dose, 3-dose and 6-dose cartons

Patented applicator makes it easy to apply and minimizes risk of skin abrasion.

Lasts for a full month.
