

DOUXO®

Micellar Solution an effective and gentle cleansing solution.

Gently cleanse, soothe and degrease

- Micellar technology offers very gentle but thorough cleaning of oily and waxy debris
- Contains **Phytosphingosine** to restore the skin barrier, maintain normal skin flora, sebum and cerumen production
- Contains **Polidocanol**, a local soothing and anesthetic agent, to relieve itching
- Contains **emulsifiers** to help further solubilize waxes and oils

Pleasant to use

- Non-greasy, water based solution
- Fresh green tea fragrance
- Fast drying

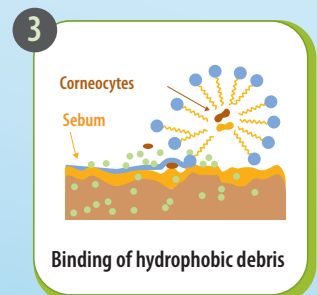

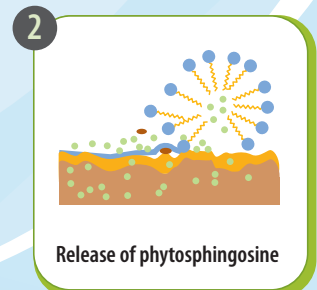

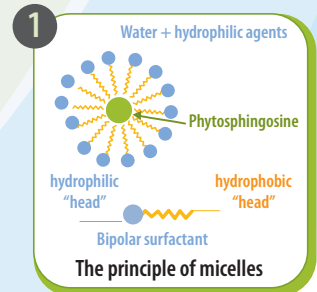

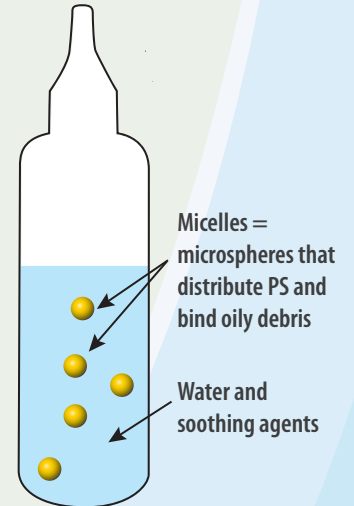

Dual use

Maintenance care

- Routine ear cleaning
- Flushing and cleaning of skin fold and other oily areas
- Cleaning of eye contour and prevention of tear stain

Pre-treatment

- Cleansing of ear canal and skin prior to application of treatment for otitis externa or localized seborrhea

The DOUXO[®] Micellar Solution and DOUXO[®] Seborrhea spot-on Protocol*

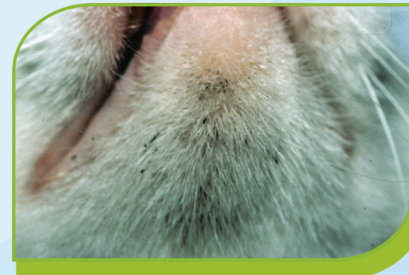

Management of localized seborrhea

Skin Fold Seborrhea
