

Medium support, highly conforming knitted, compression and support bandage. Specifically designed for multi-purpose animal bandaging applications.

KNIT-FIX™ A light-weight open-knitted cellular structure for good ventilation. Providing excellent conforming, non slip and non fray properties for moderate support and holding dressings in position.

Greater length and width ways stretch gives more conformability and distribution of the bandage. This offers better sub-bandage pressure and limb coverage around awkward areas such as elbow and hock joints, giving additional comfort to your patient.

**2<sup>ND</sup> LAYER**

Perfect for use as the second layer in the three layer bandaging technique.

**FEATURES & BENEFITS**

**NO LOSS OF SUPPORT FOR EXTENDED PERIODS OF USE**

Superb for lightweight protection to compression and immobilization bandage techniques.

**SUPERIOR STRUCTURE**

Gives Warmth, Comfort and less risk of slipping, providing greater security.

**4.4YARDS ON A ROLL**

46% more usable length than Conform. More bandage for your money!

**EXTRA STRETCH GIVES EXTRA LENGTH**

Over 40% more usable stretched length when compared to other similar premium alternatives. More flexible and more versatile for the variables of multi species practices.

**A MEDIUM WEIGHT BANDAGE** Ideal for multi purpose use.

**FLEXIBLE & TRULY CONFORMS**

More conformability and even distribution of bandage offering superior support and limb coverage. No slipping, no sagging.

**WRAPPED INDIVIDUALLY**  
– Bandages stay cleaner in storage.

Distance of relaxed lengths and new distances of stretched lengths:

Knit-Fix™ relaxed length 108" / 3yds	
Knit-Fix™ stretched length 158" / 4.4yds	
Knit-Fix™ recovery length after Stretch = 100% recovery	
Conform® relaxed length 75" / 2yds	
Conform® stretched length 108" / 3yds
