

Discover Midamox™

The cost-effective way to prevent flea infestations and heartworm disease

THE POWERFUL PARASITE-FIGHTING FORCE PETS NEED HAS ARRIVED

Meet Midamox™ (imidacloprid + moxidectin) topical solution from Norbrook®, an affordable alternative to Advantage Multi®. Made with the only combination of active ingredients approved by the FDA to kill circulating heartworm microfilariae in dogs, Midamox is an effective, affordable choice for protecting pets against heartworm disease, treating flea infestations, and treating and controlling several other parasites.

PETS COME IN MANY SIZES. SO DOES PARASITE PROTECTION.

Midamox is available in several dosage volumes or sizes to accommodate cats and dogs of various weight ranges.
