

KlearOtic

Ear Cleanser

- Formulated for dogs and cats
- Non-ototoxic
- Non-acidic
- Gentle ceruminolytic

Indications

Useful in ears with significant waxy buildup (prevalent in Cocker Spaniels)

Use to remove debris from ears infested with Otodectes.

Ingredients

22% Squalane:

- A natural, organic ceruminolytic, used to break down waxy build up (cerumen).

KlearOtic Ear Cleanser	
Product No.	Size
KOW	4 oz

“In studying the ototoxicity and inflammatory reactions of various otic cleansers on the middle ear mucosae, squalene was found to not cause inflammation nor any degree of hearing loss. It was also recommended to not apply any of the studied ceruminolytic agents when the tympanic membrane may be perforated, again with the exception of squalene.”¹
