Adult Unilimb Breathing Circuit #06830

This 40" circuit attaches to standard inhalation and exhalation absorber connections. Its unique tube-within-a-tube design improves patient heat and moisture retention to improve recovery time.

Adult Breathing Circuit #52019

Our 40" basic adult-size circuit is made of clear, corrugated tube that provides flexibility and helps prevent kinks and occlusion. It features standard 22mm end connections, and fits directly into a breathing mask or standard endotracheal tube connector with a Y-piece or 90 degree elbow.

BREATHING CIRCUIT CONNECTORS

"Y" Connector

Adult: #06111 • Pediatric: #06112

Our standard Y-piece features standard end connections, and fits directly into breathing mask or standard endotracheal tube connector. Adult: 22mm connection; Pediatric: 15mm

Elbow Connector #06113

Our standard 22 mm end 90-degree elbow connector fits directly into breathing mask or standard endotracheal tube connector.

ANESTHESIA MASKS

Veterinary anesthesia masks are a critical component for a successful surgery, since they are direct extension of the anesthesia machine to the patient. A.M. Bickford's anesthesia masks are reliable, durable and safe.

Feline Masks

Available in large, medium, and small sizes. Made from a soft, pliable, transparent, vinyl-plastic compound. Large mask has standard 22mm female connection; medium and small masks have 15mm male connection.

Animal Anesthesia Masks

Have a cone-shape design, and are available in several sizes. Made from a high-impact transparent plastic. Neoprene rubber diaphragm provides a secure, leak free fit. Connect via standard 15mm male connection.

PEDIATRIC BREATHING CIRCUITS

For nearly 50 years, A.M. Bickford's veterinary anesthesia equipment & supplies have built a reputation of quality, safety, durability, and trust.

Veterinary anesthesia breathing circuits are an extension of the anesthesia machine to your patient. The integrity of your equipment & system depends on them. A.M. Bickford's breathing circuit products are reliable, convenient and designed for you, and your patients' safety.
