DESIGNED FOR **INCINERATION** AND **BURIAL**, NOT IMMEDIATELY **BIODEGRADABLE**

US and Canada patented
Designed by a veterinarian

A body bag honoring the bond between the vet team, the pet and the family

Treating patients like your own

BENEFITS

PROFESSIONAL

Choosing the highest standard available contributes positively to your **image**, the **professionalism** of your team and respects the families bond with their pets.

PSYCHOLOGICAL

Your team of professionals will simply **feel better** using Euthabag.

ECOLOGICAL

Chlorine and PVC free.

Water-based ink and vegetable-based glue. Contains recycled material. Used and endorsed by crematoriums, it can also be buried.

FINANCIAL

Euthabag fees, like other medical supplies can be passed on to the client fairly. By adding **just \$10** to the euthanasia fee, you can offer the best to your client, patient and veterinary team at **no additional cost** to your practice.

LIABILITY

As stated in the new **AVMA** Companion Animal Aftercare Policy, "Deceased pets, whenever possible, should be maintained in a condition suitable for return to the owner or to the aftercare providers [...] ."*
The use of **plastic bags** for the disposal of deceased pets has been the ground for many **professional complaints**. Euthabag provides adequate containment and preserves the animal's dignity.

"I am very thankful to finally have a respectful option to offer clients when their animals have died. Euthabag has made some difficult conversations much easier."

Dr. L.R., DVM DES., Dipl. ACVIM

"I have always been proud of all the great care we provide for pets and their families. The garbage bag just was not an appropriate end to that relationship. Euthabag fills a void; we could not envision going back."

Dr. LPdL, DVM, Dipl. ACVIM Oncology

"All my patients deserve this respect and my employees too."

Dr. M-C.L., DVM

With Euthabag we are now able to demonstrate respect
and professionalism in **EVERY** aspect of practice.
