## level 1®

### Convective Warmer and Snuggle Warm® Blankets

Quiet. Simple. Safe.

The convective warming system consists of a high-flow convective warmer with hose-end temperature control, a convective warming blanket, and accessories.

The convective warmer draws ambient-temperature air through a HEPA air filter. The filtered air is warmed to a selected temperature.

The warmed air enters the convective warming blanket through the hose and is distributed through delivery channels. Perforations on the patient side of the blanket gently disperse warm air over the patient.

The safety circuit provides an independent means to discontinue power to the heater. This design prevents exposing the patient to excessive temperatures, while continuously monitoring over and under temperature alarms for each setting.

#### Quiet

Surgery is stressful; our convective warmer is designed to put you and your patients at ease before, during and after a procedure.

- The warmer's sound level is <42dBA

#### Simple

With no calibration required, the intuitive design allows you to focus on the patient while maintaining normothermia.

- With the push of a button, you are maintaining patient normothermia

#### Safe

The convective warmer provides precise temperature management to help keep the patient safe and comfortable.

- Precise temperature settings controlled within +/- 1°C
- Over-temperature alerts at each set point (37°C, 40°C and 43°C)

## Snuggle Warm® Blankets

We offer a broad selection of convective warming blankets to meet your diverse procedural needs. Throughout the perioperative period, our blankets are proven and dependable, improving patient outcomes everyday. Our Snuggle Warm® blankets are:

- Made of soft, fabric-like material that is resistant to tears, punctures and moisture
- Designed to conform to the patient
- Equipped with precisely positioned air holes and channel designed to maximize heat delivery
- Non-latex and radiotranslucent

**SWU-2011**

Large Underbody Blanket

## Convective Warmer

Product Code	Description	Units per Case
L1-CW-120V	110-127V, 50/60 Hz	1
L1-Hose	Replacement Hose	1
L1-Cart	Cart/Trolley	1
L1-Shelf	Cart/Trolley Storage Shelf	1
L1-Filter	Replacement Filter	10
L1-Clamp	IV Pole Clamp	1

## Snuggle Warm® Blankets

Product Code	Description	Size (cm/in)	Units per Case
SWU-2001	Large Full Body Blanket	102x203/40x80	10
SWU-2002	Medium Full Body Blanket	102x146/40x58	10
SWU-2003	Upper Body Blanket	203x102/80x40	10
SWU-2004	Lower Body Blanket	102x163/40x64	10
SWU-2009	Small Underbody Blanket	66x114/26x37	10
SWU-2011	Large Underbody Blanket	102x136/40x53	10

## Convective Warmer Power Cord/Sheet Clip/Cord Wrap

Product Code	Description	Units per Case
L1-PWR-B-5	Power Cord	1
SC-5000	Replacement Sheet Clip	1
CW-5000	Replacement Cord Wrap	1
