

## Get Every Pet Registered with PetLink Automatically

**Are you sending registrations home with pet owners?**

*Did you know nearly 40% of owners never register?*

**Are you having staff register the microchips for every pet?**

*Would you like to have the staff time back and get every microchip registered for Free without using staff time and resources?*

**PetLink has more automated registration partnerships than any other microchip registry in the U.S. PetLink wants to make sure every microchip you implant is registered without it costing you staff time, money, and resources.**

*“SUPER glad that the microchips are automatically registered now. This makes it so much easier for everyone (including the pets- as they’re more likely to be registered this way)!”*

*-Elizabeth*

*Pet Medical Center*

*Harker Heights, TX*

**For details and to get started with automated registrations contact us at: [support@petlink.net](mailto:support@petlink.net).**
