

**JOINT CARE**

# CONQUER<sup>®</sup>

Conquer is the **clinically proven\*** oral Hyaluronic Acid product based on a double blind, placebo controlled study. Through research and science, Kinetic has formulated the highest quality HA for absorption and effectiveness. Horses that exhibit gait changes, poor attitude, stiff or inflexible joints, can use Conquer to support healthy joint movement. As with any supplement, seeing improvement varies from horse to horse. Positive changes can usually be seen within 30 days.
